Plans Made For X-ray Clinic Here

Early in May (a definite date will be announced later) the Alberta Tuberculosis Association Mobile X-ray Unit will visit Didsbury. The unit will be set up in the school auditorium and, as well as children, will have an opportunity to have a free chest X-ray.

At a preliminary meeting held last Thursday evening, plans were made to issue "advance registration cards" to all in the district, with the exception of school pupils, who will be handled through the schools. Didsbury organizations were well represented at this meeting.

The biggest job of the organizing committee is the advance registration by card. No dates can be set nor can any definite plans be made until all registrations are in. Then appointment cards will be mailed to all who have registered. The schedule calls for 25 X-rays every 15 minutes. This means careful planning and light scheduling.

Get your card, from your church, your Women's Institute, your service club or your school children. The committee's work is just getting underway. Please make an effort to get your registration in to the chairman of advance registrations, Mrs. E. B. Fox, or any member of the committee.

The general chairman is Dr. R. Bankier, chairman of clinics are: pointsman is Mrs. Nancy Freeman; publicity chairman is Mr. E. T. Wiggins; chairman of volunteer help is Mrs. H. R. Gillette.

BIRTHS AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. A. Burns of

Carstairs, on March 21, a son.

Carstairs.

Mr. and Mrs. Russell Zubick, Mr.

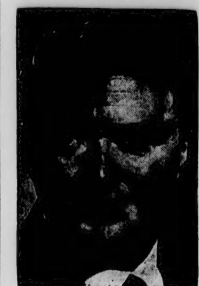

Fred Belfus and Norma, were Cal-

gary visitors on Monday.

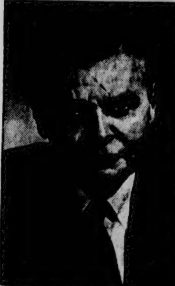

Your Easter Assurance !!!

Hope - reviving, joy - instilling, death - conquering, Easter! From the Church of the Holy Sepulchre at Jerusalem to the craters of the South Sea Islands; from the mountain summits to the rim of the yawning canyons; from the Old World to us in the New World, Christians repeat the ancient Easter greeting: "The Lord is risen!" And the joyful response comes back: "He is risen indeed!" What a glorious way to greet one another on this day of Jesus' resurrection. Easter floods the souls of men with grace and peace and blessing. The reason for this lies in the fact that the open tomb of Jesus pours forth showers of blessings on all men. It took the labor of hundreds of thousands of slaves for scores of years to complete the mighty pyramids of Egypt; but today in their sand-worn loneliness they proclaim only the failure of selfish Pharaohs. In Westminster Abbey the British nation has enshrined in glory and

Conservative Winners - All The Way!!

ELDON WOOLLIAMS
... for Bow River Constituency

JOHN DEFFENBACHER
... for the works!

HARRIS ROGERS
... for Red Deer Constituency

THE BOSS SHOVELED ME IN HERE SEEMS LIKE HE HAS IT FIGURED THAT THERE AREN'T TOO MANY CCF, LIBERALS OR SOCIAL CREDITERS HANGIN' AROUND THESE PARTS... HE SAYS THOSE THAT ARE ARE HANGIN' ON THE ROPES.

Rogers Takes Over As New M.P.

Yes - sure enough - the federal election is over and we can't expect another joust for at least four years. This correspondent, like a lot of others, felt that the government is a bit too heavy - what the results of this will be remain to be seen.

The Pioneer has the complete list of the voting results in the Red Deer Constituency but space and time do not permit us to tabulate them for you this week. However we can give you the vote as regards to the town polls.

Progressive Conservative Harris Rogers received 451 votes; second in command was Fred Shaw, a 25-year member of parliament, with 254. The Liberal candidate, Mrs. Schnader, garnered only 30 votes, while Mr. Carlyle, the CCF choice, grabbed only 25 counters.

Anyone wishing to know the results of any poll in the Red Deer constituency can obtain the information by phoning 12, Didsbury, "the voice of The Pioneer."

ELECTION SIDELIGHTS...

Did you know that Wm. Payne, a former resident and businessman of Didsbury was elected in the federal constituency of Coast-Caplino. He defeated the former minister of fisheries, Mr. J. Sinclair.

Did you know that there was a surplus of polka-dot bow ties now!

Did you know that there were a lot of Social Credit flags flying at half mast on Tuesday.

Did you know, nobody, but nobody knows how this correspondent voted the last time around. We will tell you though that we don't deserve all the friendly (?) insults that have been shown our way.

Did you know, that we have often heard the phrase, if you can't be a winner, let's at least be a good loser!

Harmattan News

(From Our Own Correspondent)

The Harmattan Women's Club held its meeting on March 26th at the home of Mrs. L. Workman, with 10 members and one visitor present. Main topic of business was plans to finish up the dressing room with wall board and to place linoleum in the kitchen cupboards.

A motion was made that no showers be sponsored by the club as a group, as the main purpose of the club is purely to repair, renovate and keep the hall in good condition. The door prize was won by Mrs. Bill Dodd. Next meeting will be hosted by Mrs. Clara Armstrong at the home of Dr. Bill Mitchell, in Olds.

The Didsbury Choral Society program has been postponed indefinitely, owing to road conditions. Mr. Gerald Seppie of Sanguedo, and Norman Spooner, were weekend guests at the home of Mr. and Mrs. Tony Spooner.

St. George's W.A. will sponsor a showing of films at the hall on Wednesday, April 9th. Pie and coffee will be served at a nominal fee. The films will be varied, for young and old.

son, of Chilliwack, B.C. are visiting with the former's parents, Mr. and Mrs. Henry Rempel.

Sympathy is extended to Mrs. George Peters and Mr. and Mrs. Edward Peters in their recent bereavement.

NEW MANAGER AT ATLAS

Mr. A. Swanson leaves next Monday for Taber, where he will be in charge of the Atlas Lumber Co. yard. Mr. T. Johnson of Alberta is scheduled to arrive Monday to operate the local Atlas lumber yard.

Kin Korner

It wasn't the publisher's fault that the wrong date for our next meeting appeared in last week's paper. It was J.M.'s, the fellow who wrote the notes. We now have it straight. Tuesday, April 8th.

Don't forget the forth-coming variety concert on April 25th. Miss Sharon Brown, the Kinsmen's entry in the Calgary Stampede Queen Contest, needs your support. Tickets are available from any Kinsmen, or the young lady herself.

The Pot's Still Burning !!!

The Editor,

Didsbury Pioneer,

Dear Sir:

There have been statements made that the suppression is a dead issue but if so, it appears to be one that just won't stay buried.

I would first like to make clear that comments I have made on the mechanics of precipitation are not my own, but rather theories developed by some of the world's top scientists. These theories have been developed only after a tremendous amount of actual research by different governmental agencies as well as private groups.

I know we all tend to think of ourselves as experts, regardless of the subject at hand, but doesn't it seem a more sensible course to accept the facts rather than fancy? Since there has been a target established, may I take a few shots? These shots to be directed by the results of actual research.

1. A harmless cumulus cloud may change to a harmful cumulonimbus as a small portion of chemical change of minute particles. The transition of a water droplet to an ice crystal is infinitesimally puny yet this change is one of the causes of hail storm development. All that man has learned to do, in all phases of his existence, is to copy the forces of nature, and try to improve them. That is our object in cloud seeding.

2. It is agreed that there is always a super-abundance of nuclei in the air, but it is equally as well known that there is not always an abundance of crystallization nuclei. This is where the cloud seeder can improve on nature, just as a farmer fertilizes his soil, to improve on nature.

3. Some of the most outstanding scientists in Canada and the U.S. are agreed that the coalescence mechanism is responsible for only a small portion of the precipitation in this hemisphere; therefore our interest is not centred on this process.

It has been mentioned that due to hail suppression insurance rates should reflect the reduction in losses. We agree that this should happen. It was mentioned in a previous issue of The Pioneer that a district in this area experienced a period of many years without hail - we wonder how much the hail insurance rates were reduced during that period? Unfortunately

hail insurance rates appear to be used with very little provocation but the reduction of rates seems to be rather uncommon. Why, then, should reduced rates be expected in a period of two years?

This all adds up to the fact that in order to have any service or merchandise accepted by the public, that particular service or product must show merit to the consumer. We see no reason to believe that after acceptance for a period of eight years, or more, hail suppression is suddenly going to be discontinued. We look for setbacks, such as happened in Mountain View last year, as history tells us that very new development has been achieved by a portion of the population.

There were those who derided the idea of the bicycle when it was first introduced. There were those who called the first airplane "The Spaw" of the Devil, but both, after many years of improvement have, of course, been accepted.

Many such illustrations could be given. We are very sure that hail suppression will be no exception. (Signed)

W. R. CONNER

Calgary Stampede Queen Contestant

SHARON BROWN

Shown above is a picture of Miss Sharon Brown, who is being sponsored by the Didsbury Kinsmen Club in the Calgary Stampede "Queen" contest.

Aged 17, Sharon is a daughter of Mr. and Mrs. Tom Brown of Didsbury, and at present is gaining her education at the Red Deer Composite high school.

By buying a ticket on Sharon you have the chance also of winning a spanking new 1958 car. More details of the contest will appear in later issues of this paper.

Easter Services At Redeemer Lutheran

"Do Not Reject Such Great Salvation" will be the theme of the Good Friday sermon at Redeemer Lutheran Church on Friday, April 4th. The service will begin at 11 a.m. Pastor E. B. Fox will show how man today rejects the salvation offered him by God. Thereupon he will speak of the consequences of such rejection. Finally, he will show the joy and blessings those enjoy who in firm faith accept Jesus' work for their salvation.

On Easter Sunday, the service will begin at 10:30 a.m., with the celebration of "Holy Communion." In the sermon, Pastor Fox will take the congregation to the tomb of Jesus, as he will speak of "A visit to the Saviour's grave." In the course of the sermon he will point out joyous and comforting truths that all Christians enjoy because the grave of Jesus is open, and empty.

CREMONA NEWS

(From Our Own Correspondent)

The curlers at Cremona completed their regular season on heavy ice on Thursday of last week. The winning rink was skipped by W. A. Tippe; other members of the rink were Verden Umbach, Bobbie Whitlow and Betty Whitlow. They won the cups when they defeated the rink skipped by Mr. Van Haaften.

Mr. and Mrs. Ed South, formerly of Cremona, have bought a house in Olds. Mr. and Mrs. L. Knox had tea with them recently.

Another successful literary event was held in the school auditorium last Friday evening. This time the week folk from grades one and two did the performing.

Mr. and Mrs. Leonard Bergeson moved out of Cremona last week, after spending the winter here. Roy Landry took some of the young fellows down to the Y.M.C.A. in Calgary for wrestling last Saturday. Amongst those who went were Ian Fischer, Mervin Corbett, Leo Klotzmann, Allan Eby and Doug Oldfield.

Mrs. Fischer visited with Mrs. L. Knox last week.

Young Lads Are Off Base !!!

Editor, The Pioneer,

Dear Sir:

We would like a small space in your paper to discuss the issue of the behavior on the part of local teen-age lads as regards to their actions at the local theatre during the past six weeks.

They have broken every rule and regulation; have been unduly noisy, and defaced property.

Our business is to provide entertainment in a clean, quiet place - not in a reform school. Most of our patrons are not from town, but from our neighboring towns and country districts, and we are sure they do not look favorably on these boys' behavior.

We therefore ask the co-operation of the parents to help our business to be a place where an evening of enjoyment can be had by all who pass through the door.

No names are mentioned here but any interested parent may see the list of offenders upon request.

We mention them that we have the right to refuse admittance to anyone.

Thank you, (Signed) Management of the Didsbury Opera Theatre

4-H Club Plan Tour To Calgary

The March meeting of the Didsbury-Carstairs 4-H Dairy Club was held at the home of Wm. Hunter. Mr. McPhail was present and gave a talk. Sherrill Brooks spoke on the subject, "Should we meet every meeting." During the meeting members judged a class of Holstein calves.

An interesting debate took place on Friday, March 28, at Sunnyslope school between the Carstairs-Didsbury Dairy Club and the Carstairs Beef Club.

The club plans a tour on Wednesday, April 9th, when it will visit the Burns Meat Plant in Calgary and one of the bakeries.

The April meeting will be held at the O.S.A. on April 11th, where other plans will be on hand for a joint discussion on farm safety.

Subscription Note:

A red line under your name means your subscription is overdue.

A blue line means your subscription is coming due next month.

Please pay out of town subscriptions by money order.

MOUNTAIN VIEW

(From Our Own Correspondent)

On Friday evening Mr. and Mrs. Charles Snyder and Mr. Art Gooding held a Legion card party. There were five tables in play. Winners were Mrs. Neil McKay and Mr. Doug Gooding; consolation winners were Mrs. Roy Gale and Mr. David Pratt.

Congratulations are extended to Mr. and Mrs. Walter Scheidt Jr. on the birth of a baby daughter, on March 27; a sister for Barbara.

Mrs. Doug Gooding was a weekend visitor in Calgary.

Mr. and Mrs. John Snyder and family and Mr. W. H. Snyder were Calgary visitors on Sunday.

Mr. and Mrs. David Pratt and family were Sunday visitors with Mr. and Mrs. Frank Bray and family in Olds.

Mr. and Mrs. W. J. Loader of Calgary visited with Mr. Frank Gooding on Sunday.

Mr. and Mrs. James Worrall were Sunday visitors of Mr. and Mrs. Ed Blain.

Mr. and Mrs. Doug Gooding and family were Sunday supper guests of Mr. and Mrs. Ira Roberts of Olds.

Mr. and Mrs. Albert Rempel and

Local Cubs Win Trophy

No. 1 Didsbury Cub Pack came home with a trophy from the Red Deer Ice Stampede, held last Saturday night. Fred Rowley and Spence Warr managed the team. Tyne Morgan was unable to make the trip. In spite of a penalty for losing their stove, the team had the fastest time during the night's competition.

Personnel of the "local wranglers" was: Gordie Leeson, substituting for Russell Gillette, as driver; Brian Laft, Jack Miller, Dale Kennedy, Lyle Kennedy, Ricky Russell, Lynn Jaizien, Ricky Roberts and George Anderson.

Scouts and Cubs were present from Didsbury, Olds, Penhold, Benalto, Blackfalds, Sylvan Lake, Delburne and Red Deer.

According to reports from the by-standers the local entry was far in front at the completion of the contest, but those pesky penalties moved in to take their toll and knock them back to second place. We hope the boys drop the penalty and go out to win in the upcoming ice stampede scheduled for the Olds Arena on Saturday, April 5th, starting at 8 p.m.

Do women really have equal rights in their home?

What kind of automobile does your husband drive? Chances are it's as new as he can afford. With the very latest in transmission... high compression engine and automatic controls. You'd never dream of asking him to drive a car that old-fashioned! So why not be equally fair to yourself? Keep your laundry room as modern as hubby's garage... with a Frigidaire Electric Dryer! It ends forever the worry about sudden rain that ruins a wash. The hours lost carrying heavy clothesbaskets. With your Frigidaire Electric Dryer you can do a wash anytime... whenever it suits you. And your wash is dried so soft and fluffy — many things won't even need ironing. There's a new "Wrinkles-Away" feature, too, that smooths out wrinkles in today's wash 'n' wear fabrics... in minutes.

Notes From D.A.

By Howard J. Palscher

Every spring, time and money are spent due to machinery failures. Now is an excellent time to check over all the machines before the pressure of spring work is on. Machinery can be brought into a workshop or garage and thoroughly gone over at this time of the season.

When checking the machines do it carefully; any bent or worn parts should be replaced or repaired. Nuts, bolts and rivets should be tightened; parts such as levers, turnbuckles, trip mechanism and hydraulic systems should be inspected and put in proper working order.

Tires may need attention, bearings may require replacements, ments, these and many other jobs can be done now in your workshop when more time is available. It is important that tillage machinery have sharp cutting edges. Tiller and discer blades may require grinding or rolling, cultivator shovels may need sharpening, plough shares can be sharpened or replaced if necessary. If these machines are checked and repaired they will operate much better in the spring.

If you are going to overhaul your tractor yourself or have it done at a shop, do it now! If a delay is encountered in obtaining some required replacement part it is not too serious now, while in the spring it could delay your farming operations considerably.

Every spring many farm accidents occur, some of a very serious nature; a percentage of these are caused indirectly from machinery failure. Delays and repairs, as well as costly, cause frustration, impatience and haste, which are all factors which may result in accidents and injury.

— TRUE ENOUGH !!! —

The trouble with a lot of Sunday drivers is that they are no better on Monday, or any other day.

Easter Time ...

Easter comes in all its glory.

To remind us of the old, old story; That Jesus' sacrifice was not in vain. So that all men could be born again.

Easter heralds the approach of Spring. With the rebirth of many things; All the Earth will soon awake.

From its annual dormant winter state.

New leaves will come out on the trees.

And lambs will gambol in the breeze;

New shoots from out the ground appear. Telling us that Spring is near.

Easter is such a glorious time.

With its promise of things so fine;

There will be many birds up in the trees, And the humming of the busy bees.

The Easter time let's all unite, To do the things that are good and right; Let's not of evil things take part.

But keep clean in mind and clean at heart.

Our thanks to Thee, O Lord we give.

For all the things that we might live; Help us to prepare for the life to come. When our time upon this earth is done.

— E. COOMBS

**RAKE BETTER, FASTER, CHEAPER**

The scientifically designed Pollard Trailer Rowraker is the best hay and straw insurance in the world. Gentle rolling action permits raking of grain, and hay with 90% less seed and leaf loss. New independent FLOAT-ING wheel action gives "Con-

tour Raking"—forms full fluffy windrows. Completely equipped with roller and ball bearings. Adjustable width swath for raking any kind of hay over any kind of terrain. Rakes anywhere your tractor will go.

Not Too Good A Show Boys . . .

It comes to our ears that some of the lads around town have got that water gun craze again — better they should have than the more lethal variety of shooting iron — but let's use the aqua squirters in the right place; don't aim them at innocent bystanders or deface furnishings that belong to someone else. Fine enough if you have fun with your toy pistols, but remember that the damage or inconvenience you may cause to other people and properties could cause you some loss of privileges and make a sizeable dint in your weekly allowance. Are you shotsmiths tuned in? We hope you are! Next time you may have your name in this column, and you won't be editing it!

Just For The Record . . .

A TB X-ray Clinic will set up shop here for a short stand in the near future. We hope and pray you are not afflicted with this top killer but just to make sure, just to settle a question that may be in the back of your mind, make sure you attend the clinic when it stops off in Didsbury — you and your family may sleep better after the results are revealed.

We Were Just Thinking . . .

Easter holidays are coming up soon for the school group, and the older ones will have a break from the usual routine when the Easter festival makes its annual entrance with new hats and other finery. It's been happening for more years than we or any other living person have sat in on. We trust that during this period you take time out to sit back, rest easy, and study the question of just why you're here how you came to be here — and what you're doing about here!

Another Famous Quote . . .

"Plenty of people have a good aim in life, but a lot of them don't know where or when to pull the trigger." So true!

"TV PHYSIQUE" NOT HEALTHY

Growing concern is apparent throughout this country about the lack of physical fitness of our citizens, particularly of our young people. Headlines were made last year when a mass fitness test of children was made in a suburb of Toronto, and it was found that 60 per cent of the tested children between the ages of six and 12 could not pass the most elementary fitness tests. Some 80 per cent of these children also failed in leg flexibility tests — which lead to the coining of the phrase "TV legs."

"Our children sit around too much," one of the officials in charge of the tests claimed. "They just are not fit." Further emphasis to this claim was added when similar tests were given to European children — and only 8 per cent of these failed to pass.

If such tests were given to our adults, the results would probably be worse. There is no doubt but that, as a nation, we have become a group of sloths. We drive too much when we should walk. We prefer spectator sports to participation sports. We use caddy carts instead of carrying our own golf bags — and motor scooters are available on city golf courses for those who want to golf — but don't want to walk.

Our search for ease and happiness is following a trail of downhillism when it comes to physical exercise — and many of us fail to realize that happiness cannot be obtained if our physical condition reaches the point where we are able to enjoy neither leisure time nor hobbies.

Director Lloyd Percival of Sports College in Toronto has this to say: "To be fit means every single phase of living is more enjoyable. Fitness enables us to enjoy the luxury of modern conveniences and passive entertainment without suffering from the physical deterioration that results from inactivity."

It has been long recognized, of course, that physical fitness and health go hand-in-hand. A person can be healthy, and still not fit, but generally speaking a completely healthy person is a fit person. There is food for thought in the findings and warnings made by those who are concerned about our physical fitness.

— The Lacombe Globe

SO TRUE !!

In marriage as in business, he who hesitates is bossed.

LIGHT YOUR WAY . . .

... WITH BIBLE STUDY

"They saw that the stone had been rolled away." Many men at that time believed that death was the end of man. It was a common custom among the Romans to keep great piles of rough rocks upon the graves of the dead, as though they would bind them down to the only scene of their existence.

On Easter eve, nineteen centuries ago, the fear of death rested like an immense rock upon the great part of humanity. But on Easter Morn that weight of fear and dread was rolled away. A risen savior proclaimed to the world the glorious fact of an immortal existence.

Easter's open, empty tomb assures us of a day when ours too shall be empty. Having raised Himself, He has power to raise His people. Panic-stricken, the soldiers flee from the scene. Mary rising from His blessed feet, hastens to the city, and with a voice of joy cries: "He is risen. He is risen!"

Two Korean women stood watching a funeral procession: "What right is this?" said one. "The burying of the missionary's son," answered the other. "That is very sad," replied the first. In Korea a son is the most precious of all possessions. It is not so bad for them as for us," said the other sadly, "for they know something that makes them think that they will get their children back some day. We know nothing about how to get ours back."

Yes, for us, "the stone has been rolled away." No wonder Martin Luther declared: "The words 'Christ is risen from the dead' should be well marked and written with great letters. Each letter should be as large as a town, yea, even high as heaven and broad as earth, so that we see nothing, hear nothing, think nothing, know nothing beyond it. Now we can say: 'O death, where is thy sting? O grave, where is thy victory?'" "Thanks be to God who has given us the victory through our Lord Jesus Christ."

ANOTHER CHUCKLE . . .

When a woman is quiet at a committee meeting, don't think she's listening — she's waiting.

COME TRY THE SMOOTHEST CHEVY
THAT EVER WHISPERED "BUY"!

Silence says volumes about Chevrolet! Quieter engines tell of super smoothness never bettered by any car at any price.

And Chevrolet moves from a standstill to cruising speed like greased lightning without the thunder. Then ride Chevy — and be even more amazed: One of two new suspensions smooths your way like broadloom — while 23 kinds of insulation in its Fisher Body all but swallow sound completely. Absolute newness from road to roof supplies the answer!

First, on a 30% stronger X-built frame, Chevrolet's stylists placed the sleekest, roomiest and most luxurious body they'd ever planned. But not before Fisher engineers saw to it that Chevrolet's "Sound Barrier" body matched its beauty in practical protection.

Next, Chevrolet increased its power range with the most efficient V8's ever built . . . radically new, with machined-in-block precision for pace-setting performance and economy. Total engine choice is now six, with four cream-smooth transmissions. It's the widest selection ever — available in every Chevrolet model!

Talk about smoothness! Chevrolet tops it off with a choice of two new rides: Standard on all Chevrolets, completely new Full Coil suspension means a big advance in riding comfort. Deep steel

coils at all four wheels soak up road shocks like a sponge! And Chevrolet engineers went even further to bring you the suspension news of the year — Level Air Ride — the lowest-priced air ride available! You just have to try it to know how easy a ride can be!

Yet, with all its newness, this smoothest of all Chevrolets comes to you at its traditionally low price. Little wonder that Chevy's whispering "Buy!" to more Canadians than ever before. Come try 1958's most popular car at your Chevrolet dealer's soon!

*Optional, at small additional cost, on V8 models with automatic transmission.

THE
Homemakers

By HELEN HOWARD
District Home Economist

Hello Friends:
Easter is a truly glorious season.
I hope the message of Easter is a
blessing to you all. There is some-
thing of a challenge voiced in these
words from Grace M. Daniels poem.

EASTER IS COMING!

"Must pleasure come foremost,

whatever the cost

While life, youth and love

have their day?

And must the true meaning of

Easter be lost

Till we come to the end

of the way?

As springtime approaches

with beckoning hands

And the promise of things

"born anew"

And Easter draws near with

its myriad of plans,

Just what does it

mean to you?

Hot Cross Buns

(No Knead Method)

2 pkgs. yeast, compressed or dry

1 1/2 cups lukewarm water

1 1/2 cups milk

1/2 cup sugar

2 tsp. salt

1/4 cup shortening

2 eggs

1/4 tsp. cinnamon

1 tsp. nutmeg (if desired)

1 cup currants

6 cups sifted enriched flour

Confectioner's Sugar Icing

Soften yeast in lukewarm water.

Scald milk. Add sugar, salt and

shortening. Cool to lukewarm. Add

2 cups flour. Mix thoroughly. Add

softened yeast and eggs. Beat

smooth. Add nutmeg, cinnamon,

currants and remaining flour to

make a soft dough. Stir until

smooth. Add nutmeg, cinnamon,

currants and remaining flour to

make a soft dough. Shape into

balls and place in greased pan or

into muffin cups. If desired, the

dough may be patted into greased

pans and cut into squares with a

floured knife or spatula. Let rise

until doubled (about 45 minutes).

Brush tops gently with mixture of

egg yolk and water. Bake in moder-

ate oven (375 deg. F.) 15 to 20

minutes. When cool, mark cross

on each bun with Confectioner's

Sugar Icing. Yield: 3 dozen 2-inch

Hot Cross buns.

Ham: How To Buy and Cook

Two Types of Ham
The ham that you cook at home
is labelled "Cook Before Eating."
The internal temperature has been
raised during the smoking process
so that the meat could be eaten
without concern without further
heating. However, the flavor and
texture of the ham is at its tender
and juicy best when the internal
temperature of the ham is brought
to 160 deg. F. Because of this

Mountain View W.I.
Hear Conference Report

The regular monthly meeting of
Mountain View W.I. was held at
the home of Mrs. S. J. Atkinson,
with eight members and one visitor
present. All members are to bring
used clothing or a small gift to the
next meeting to aid the mental
health drive.

Reports were heard on the Dis-
trict 5 conference held in Calgary.
The highlight of the conference
was a report by Mrs. Howes on her
world trip to A.C.W.W. in Ceylon.

Mrs. Worall won the bit of Ire-
land, a native plant, and tea draws
were won by Mrs. L. Hunter and
Mrs. C. Snyder.

TOO SLOW !!!

Wife: "You know the clock in the
kitchen fell off the wall today and
had it been a minute earlier, it
would have killed mother."
Husband: "That clock always
was slow."

lower temperature needed for mod-
ern hams, the heating time in a
325 deg. F oven has been reduced
to just 4 to 4 1/2 hours for a whop-
ping big 12 to 15 pound ham.

The busy homemaker at Easter
time looks for a ham labelled
"fully cooked". This ham may be
served cold or heated quickly, de-
pending on the fast-changing home
scene. A 12 to 15-pound "fully
cooked" ham will come to 130 deg.
F internal temperature in just 3
hours. A six-pound piece will be
hot in 1 to 1 1/2 hours.

Shank On or Shankless Style

Either fully cooked or cook-
before-eating hams may be pur-
chased with the shank on or
shankless. Folks who enjoy ham-
flavored split pea soup will want
the shank on ham, for it is the
meat on the shank bone (first
joint) was left at the packing plant
along with the skin and excess fat.

2nd SCOUT TROOP FAMILY BANQUET

Tuesday, March 25th was the date for the parent-Scout banquet of Didsbury No. 2 Troop. It was an annual gathering of pleasure and friendship for about 50 Scouts, their parents and friends.

The banquet was held in the dining room of the Bible College. The tasteful decorations and surroundings added to the enjoyment of the evening.

The mothers of the Scouts did their own catering, the meal being served by sisters and friends of the Scouts.

An interesting program was presented during and after the banquet. Joyce Traub, Grace Eby and Carolyn Snyder sang a trio: Wayne Stauffer, Virgil Stauffer and Glen Eby, all senior Scouts, spoke on the various steps in Scouting; Dennis Brado played a trumpet solo, and Scoutmaster Peter Waldin showed colored slides of the troop's various outdoor activities.

A feature of the evening was the splendid address given by Mr. Ken Melvor, deputy police chief and inspector of detectives of the Calgary City Police force. With his love for boys and his experience in the problems of young people, he was able to present a very interesting talk and timely challenge.

Mr. Emerson Shantz, chairman of the parent committee, was responsible in guiding the evening's program. Flowers for the banquet were kindly donated by Mr. Len Berchett.

The Scouts would like to thank Dr. Bankier, leader of the First Didsbury Troop, for giving them another lecture on First Aid.

KNOX EVENING GROUP HEAR CONFERENCE REPORT

The Evening Group of Knox W.A. met at the home of Mrs. Wm. Connor Monday evening, with 20 members and one visitor present. Mrs. Bob Bankier, president, had charge of the meeting.

Mrs. Sam Moore reported on the district conference held in Lacombe. The theme of the meeting was "Evangelism in the Community."

Mrs. J. Shannon described the new church hall that Lacombe have just completed as nothing short of any Sunday school teacher's dream.

The April meeting will be held at the home of Mrs. Grace Banta; roll call to be answered with a bazaar item.

Education Has Its Complications

We once heard a noted educationist say that "all the wealth of a country should be available for the education of its people." The statement was not challenged because it would not have polite to do so.

But we are strongly of the opinion that any country that acted on that principle would find itself without either wealth, or education, for money can be as deadly to education as it can be to morality.

The first step in solving the problem of financing our educational system is to get value for the money we are spending on it now. Much of the costly building, and many of the costly activities in which our educational authorities are indulging have no educational value. When the people are convinced that the money they are now spending on education is being wisely spent, they will be more willing to increase their contributions to that cause.

All normal children should be given an elementary education. But higher education is not for everybody, because everybody does not want it and everybody can't take it. It would be wasteful folly to give such education to those who are unsuited to it.

The first problem should be one of screening out all those who are unsuited for higher education. The pupil's performance in elementary school should determine his right to enter high school; and his performance in high school should determine his right to attend university.

Governments making grants for educational purposes should retain effective control over the way such grants are spent, for the taxpayers will not release their governments from responsibility for the taxes they collect.

— The Rural Scene

DON'T THROW OLD PLATES AWAY NOW

Officials have issued a warning to car owners against throwing away their old car licence plates as soon as they obtain the new 1958-59 licences.

"These old plates should be retained in a safe place at least until April 30 when their use is no longer permitted on cars," said an official. "If they are carelessly thrown away or left where they can be picked up, they might be used on stolen cars or in some other illegal way. This might cause the owners some embarrassment. It is a good rule, even if you have your new plates, to put the old ones safely away for a while and avoid trouble."

END OF OUR WHEAT TROUBLES?

Something happened a few days ago that may mark the beginning of the end of our wheat marketing troubles, comments The Financial Post. A shipload of wheat was shipped to China and has now been sold.

It wasn't a big shipment, but if it starts several hundred million Chinese eating wheat instead of their customary rice, some day we may see far more Canadian grain moving across the Pacific than ever moved across the Atlantic.

Asiatic countries are swinging fast to urban industrialization and they will need more food. If we can get them eating wheat, then we can go back to growing as much of it as we can.

Guest Editorial

SONS OF FREEDOM EXODUS

The Sons of Freedom branch of the Doukhobor sect seem to have their minds made up to go back to Russia. They are looking to the British Columbia Government to finance their trip. This could possibly be done quite easily if they would turn over their lands and other assets out in B.C. to the government.

Most Canadians have become impatient over the continued lawlessness of this group of people. . . . One could hardly call them settlers. The big mistake was made when they were first induced to come to Canada at all. They claim to be peaceful, but at the same time do not hesitate to plant a bomb under a railway line, or on a canal, or even in the buildings of anyone who disagrees with them.

The funny part of it all is that Jim Buck, Canada's No. 1 Communist, is exhorting the Sons of Freedom to stay in Canada. Not even the Communists pay much attention to Jim Buck any more.

— Camrose Canadian

Squirrel Cage . . .

REALLY CONFUSED ! ! !

The big cop directing traffic did a double take, then let out a roar at the little car that was busily going the wrong way on a one-way street.

When the car stopped, the cop said: "Well, where do you think you're going?"

"I forget," answered the drunk driver. "but I must be late. Everyone else is coming back."

SERVICE BOARD NOTES
— By —
W. E. SNYDER
Agricultural Service Board

CULTURAL CONTROL OF WEEDS: During the past two weeks we have been discussing the sweet clover weevils and telling you how to control them with chemical. There is also merit in certain cultural practices, which may be more practical in your case and less expensive to carry out.

Shallow surface tillage in late July, after removal of the hay crop will expose larvae and pupae to heat and drying. This practice has often reduced the population better than 90%.

If sweet clover is planted a distance from a second-year stand it will likely escape heavy fall migrations and damage. Any marginal strip of defoliated sweet clover should be plowed in the fall to a depth of six inches. This buries the hibernating weevils so that few emerge in the spring.

The defoliated sweet clover would not emerge in any event and the strip should be grown to grain or other crops. I hope all my talk on sweet clover weevil will not discourage you in seeding sweet clover, as it is one of the best ways to rebuild worn out, run down soils.

It is an ideal, inexpensive way to replenish the supply of nitrogen and humus to your soils. By understanding the dangers involved and knowing how to cope with them intelligently you can make a success of growing sweet clover on your farm.

'PROFITABLE PAIR OF OAT VARIETIES

Throughout Ontario, under all soil and weather conditions, Garry or Rodney oats will yield 10 bushels more per acre than any other standard variety. With 1,700,000 acres of oats grown in the province in 1957, the yield could have been increased by more than 10 million bushels, if everyone had grown either Rodney or Garry, according to the Ontario Field Crops Branch.

Garry is medium tall, medium early, and strong strawed. It is resistant to crown rust. Rodney is medium tall, medium late and resistant to both crown and stem rust. It is inclined to have plump kernels than Garry, but is several days later in maturing.

Plymouth has the LOWEST PRICES of all leading Canadian cars!

Twenty-one models of the popular '58 Plymouth are right at the bottom of the price ladder among leading Canadian makes. You pay the least... yet you get the utmost in advanced features, styling and luxury!

Here's one case where buying at the lowest price isn't just the mark of thriftiness; it's the mark of a real sense of value!

For Plymouth actually offers a number of advances you can't even get on many high-priced cars. Total-Contact brakes, for example. And push-button Torque-Flite automatic drive. And, of course, Plymouth's famous no-extra-cost Torsion-Aire Ride.

There's just no denying that Plymouth's a smart buy. And it's mighty smart in other ways as well. You'll like its sleek, Silver-Dart styling . . . its lively performance with either the big "313" V-8 or newly improved, extra-thrifty Six.

Why not come in and look over all the low-priced Plymouth models this week? One's just right for you. And we'll make you the right kind of trade-in offer, too.

Highest quality, lowest prices . . . both are yours with Plymouth! From basic materials, through every step in manufacture, rigid quality controls assure that, medium, late and early, Plymouth you purchase is built right.

You're always a step ahead in cars of The Forward Look

M.V.B.C. NEWS

(From Our Own Correspondent)

Last week held much of interest to those interested in the collection. Rev. Bob Simpson showed an unusually good picture Tuesday on missions. "Before the Harvest" was the name of it, and should any of you ever have the chance to see it, be sure to do so.

On Thursday evening the student speech recital for the finalists in the John Suder speech award contest was held in the school dining room. There were six contestants. Mervin Traub took first place and Arnold Dietz, second. A skit put on by Mr. Waldin with his speech class was highly amusing as students depicted what the school was not. It was well done, and once more we commend our speech teacher for the good work he is doing. A number of guests were invited by the contestants for the occasion.

On Saturday evening students and faculty attended the Merv Rose meeting in the Jubilee Auditorium in Calgary. Many friends took their cars for the sake of the students.

Mrs. Suder, who was ill for several days, is again able to take her classes. We will be happy when this illness that has pervaded the campus is over.

Students went to the Indian Reserve again Sunday for services. Outside of one group, all the rest of the groups have been there.

On Friday morning the president of the Student Association presented the annual project to the students. It is their desire to have a student centre for recreation next year. Pledges were taken and when the results were tabulated they had raised \$1700 for that work. It will go into effect this spring, as soon as the frost is out of the ground. Of course the students will not carry all of the responsibility, for other funds are available and friends who are interested will help with the good cause. Watch it go up!

And so the school advances. Commencement exercises will be upon us within the next few weeks. Rev. Chiesmair of Nigeria, Africa, and his wife, the former Beverly Redfield, will be with us for that time. Further announcements will be made soon.

LOCAL DEALER RECEIVES TRACTOR DELIVERY — DIRECT

Mr. H. E. Oke, local implement dealer, informs us that he received four new tractors last week, direct from the East Moline factories. The four power-housers arrived by truck transport, the first time in the town's history that delivery has been made in this direct manner.

EAST NOTES

(From Our Own Correspondent)

Mrs. Otto Bittner, who returned recently from the west coast, reports that while there she attended the 25th wedding anniversary of Mr. and Mrs. Joe Davidson. The latter couple were former residents of Burnside district.

Congratulations to the March newly-weds, Mr. and Mrs. Don Andrews and Mr. and Mrs. Lawrence Rose.

Mr. and Mrs. Herb Ziegler and family and Mr. and Mrs. Donald Thompson and Kathleen were supper guests with Mr. and Mrs. Alfie Thompson and Beverly, the occasion being Don's birthday.

Get well wishes go to Mrs. Gladys Nielsen, who is a patient in hospital.

Mr. and Mrs. Charles Kohut were Tuesday evening callers on Mr. and Mrs. Stanley Schumaker.

Get well wishes go to Albert Milne, who was rushed to hospital Saturday with a high temperature.

A very nice shower was held for Miss Jean Elliott on the evening of March 29th.

Ladies of Lone Pine W.I. are reminded to bring a pie to the Miller McCulloch auction sale.

The following were dinner guests with the Wagner family on Sunday, Mr. and Mrs. Jack Nuss and Mr. and Mrs. Albert Morach and daughter, on of Calgary, and Mr. and Mrs. Schumaker.

A big crowd gathered at Lone Pine hall Saturday night to honor Mr. and Mrs. Walter McCulloch. A program included musical selections, solos and two short skits. The honored couple received flowers and gifts from their relatives and friends. Later in the evening some of the crowd went into town to help them celebrate their anniversary at an open house. Mr. Dave Jenkins was master of ceremonies.

Mr. and Mrs. Jimmy Smith and son of Calgary were Sunday visitors with Mr. and Mrs. Otto Bittner. Robert Bittner spent the weekend with his parents.

THOUGHTFUL GEM . . .

No one is useless in this world who lightens the burden of it for anyone else.

— Charles Dickens

Midway News

(From Our Own Correspondent)

The men's curling supper was well attended and "Cookie" Harry once again had the systems done to perfection. Entertainment included a bit of curling; winners of the "loy" car 'apiel were M. Casebeer, H. Neumiller, C. U. Neufeld and J. McCulloch. The square draw trophy was won by the H. Shields rink, which included P. Schumaker, Ray Schumaker and M. Casebeer.

The lady curlers had an attendance of 20 at their supper and evening of military whist. At the winning table were Lois Casebeer, Bessie Marsh, Lanka Pendergast and Jean McCulloch.

To correct an error: prizes that were donated for the ladies' bonspiel came from the Neapolis Store, merchants in Carstairs and Calgary.

The Didsbury Choral Society visited the school recently, but due to adverse weather, the attendance was not large.

The carnival held on the curling ice on March 21 was an effort well rewarded. The program was made up of school songs, a costume parade, skating games, floats, figure skating, and coronation of the "Queen".

Karen Brander, by popular vote, was crowned "Queen for a day". She performed her first duties by presenting prizes to the various winners. They included: Floats: Bonnie Lalonde, grade 2; David Tindal, grade 3. Story book: Carol Clippely as "Little Red Riding Hood".

Workers: Linda Harder as a "Nurse".

Pretty: Linda Mallach as "Bathing Beauty".

Unusual: Douglas Brander as a "Mutnick".

Comical: Arnold Clippely as a "Tramp".

The same evening the Cubs were entertained by their leaders at the school.

Mrs. Ester Brown has returned from a two-week visit to the west coast. While she was away Mr. and Mrs. Daku (Patsy Brown) kept the home fires burning. The latter couple have now returned to their home at Kipling, Sask.

We are glad to report Mrs. Roy McVee is home from hospital and feeling much better.

Barnday greetings go out to two of our senior citizens, Mrs. Carrie Swanson and Mrs. Bert Haste.

Midway United Church choir will present an Easter cantata at the noon April 9th at 8 p.m. You are cordially invited.

Mrs. J. Garner of Calgary visited here with her brothers last weekend.

CHRISTIAN SCIENCE

God's infinite power and goodness will be emphasized at Christian Science services this Sunday.

The Lesson-Sermon on "Unreality" will include the Scriptural account of Christ Jesus' healing of the woman who had "a spirit of infirmity" eighteen years, and was bowed together, could go in no wise lift up herself" (Luke 13).

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (242-243): "Inasmuch as God is good and the fount of all being, He does not produce moral or physical deformity; therefore such deformity is not real, but is illusion, the mirage of error."

"The Golden Text is from Job 38:13: "Surely God will not bear vanity: neither will he Almighty regard it."

No Longer On Trial

If farmers are successfully to protect themselves against the increasing costs of farm production, and against the increasing costs of distribution of their own products if they are going to get on top of their own business — if they are going to mobilize their strength to oppose on an equal basis with highly organized industry and labor if they are going to keep government from controlling and managing the farm business — they will have to invest more of their efforts and capital in co-operative endeavours.

They will have to finance more joint buying, more joint selling and more joint service operations. If they continue to depend on other private business or government to provide the capital and management for production, marketing and other services, to them will go more and more control of the farm economy.

I believe most firmly in the principles of co-operation. The co-operative way in agriculture is no longer on trial. It has proved its effectiveness in the rough and tumble of the market place. (Eura Benson, U.S. secretary of Agriculture.)

Little Items of Local Interest

Mr. and Mrs. G. Green will take
up residence in the home formerly
occupied by the Engel family.

Mrs. R. E. McMullen of Elkton
attended the 94th annual meeting
of the Women's Auxiliary of the
Anglican Church in Calgary on
Tuesday of last week.

Mr. and Mrs. Leonard Biels of
Belloy, Alta., were recent visitors
at the J. R. Stevens farm.

Mr. and Mrs. Raymond Fischer
are renewing old acquaintances in
and around Didsbury. Mrs. Fischer
will be visiting with her parents,
Mr. and Mrs. L. E. Chandler, while
Raymond attends the Institute of
Technology and Art in Calgary,
during his annual vacation.

Mr. Harvey Stevens was in Ed-
monton on Monday to assist in the
formation of the Guernsey Breed-
ers of Alberta.

Mr. Jim Esler has joined the
R.C.A.P. and left last week for the
Manning Pool at St. John, Quebec.

Robins and crows have been seen
in many places in the immediate
area. Let's hope Spring is here and
not just the hot air from the elec-
tion ballyhoo.

Archdeacon Axon of Calgary will
conduct Easter Sunday services at
St. Cyprian's Anglican Church at
12 noon.

Mr. and Mrs. C. Y. Howlett and
son Bill, of Calgary, were Sunday
visitors at the home of Mr. and
Mrs. J. Currie.

Mrs. Ed Ford and Miss Helen
Willis entertained at a bridge party
in honor of Miss Margaret Hanson
on Friday evening. Margaret has
now left our midst to operate a
ladies' shop in Olds. A farewell
party was also held at the home of
Mrs. Ed Watkin last Thursday
evening, honoring Miss Hanson.

Mr. and Mrs. G. Engel and family
left Tuesday for Edmonton, where
they will take up residence.

Mrs. T. Morris was a guest of her
son and daughter-in-law, in Ed-
monton for a few days last week.

Miss Marlene LeGrand, Reg.N.,
of Prince Albert, Sask., arrived to-
day (Thursday) to spend a short
vacation with her parents, Mr. and
Mrs. Les LeGrand.

Mr. John Palone, a former player
with the Didsbury Ramblers hockey
club, visited at the home of Mr.
and Mrs. Trevor Morgan on Tues-
day. He was en route to Olds where
he will join the Elks in the coming
year series with Nainaimo.

BERGEN NOTES

(From Our Own Correspondent)

Mr. and Mrs. Jimmy Haug are
the proud parents of a baby girl.
We are sorry to hear that Mr.
Sam Doug has not been in good
health lately.

The ladies of the Bergen Club
sponsored a very enjoyable Irish
stew supper on March 21st. The
attendance could have been better,
but the food certainly couldn't have
been. Following the supper, Ed
Halvorson showed colored slides.

YOU SERVE . . .

... BY GIVING!

Coming Events

—The regular Union Good Friday
Church Service will be held on
April 4th at 10:30 a.m. in the Dids-
bury United Missionary Church.

—Eric Ratledge, optometrist, assis-
tant to K. Roy McLean, announces
the date of his next visit as Mon-
day, April 7, morning only, at the
Rosebud hotel. Consult in city of-
fice, 1014 Greyhound Bldg., Calgary.

—Easter Sunday services will be
held at Mountain View United Mis-
sionary Church, Sunday, April 6th,
at 10:30 a.m., featuring a short
program by the junior department.

At 11:30 a.m. there will be a mes-
sage by the pastor and special
music. At 8:00 p.m. there will be
an Easter program by the Youth
Fellowship group.

—The annual meeting of the Dids-
bury Lodge, home for senior citi-
zens, will be held in the Lions hall
on Saturday, April 12, at 2:30 p.m.

—There will be a dance at Moun-
tain View hall on Friday, April 18;
Fisher's orchestra. 13-3p

—There will be a military whist
party at Springdale on April 9th,
proceeds for the rest room fund.

—The regular monthly meeting of
Mons Chapter, I.O.D.E., will be
held Thursday, April 10, in the
Lions hall at 8 p.m. As the pro-
vincial president will be in attend-
ance, all members are urged to
attend. Please bring pocket edi-
tions for overseas.

—The annual meeting of the Dids-
bury Men's Golf Club will be held
in the clubhouse on Monday, April
14th at 8 p.m.

—The Women's Golf Club will open
the coming season with a meeting
at the home of the president, Mrs.
Jay Tuzilek on Wednesday, April 16
at 8 p.m. All women interested in
golfing are invited to attend.

In the Spring a young man's fancy
turns to love,
And hats and socks and ties
and gloves;
All these things, and
many more,
He can find in the
Berscht family store!

(Poem courtesy of Mr. E. Coombes)
